Subject: Establishment of Open Space District No. 9 in
El Rancho del Rey, Unit #5, Subdivision

Mr. Louis S. Cohen, Vice-President of El Rancho del Rey, Inc., the developer for El Rancho del Rey, Unit #5 Subdivision, submitted a petition on August 17, 1977 for the formation of an open space district in accordance with Chapter 17.08 of the Chula Vista Municipal Code. All of the contents of the petition, according to Section 17.08.110 of the City Code are acceptable.

The Director of Parks and Recreation Department has studied the areas to be maintained in the district, which includes Lots A, B, C, D, G, H, I and the grass lined drainage channel of El Rancho del Rey Unit #3 and as shown on the plat for Open Space District #9. The improvements to be maintained consist of the landscaping, plant material and irrigation system.

The anticipated annual maintenance cost is estimated at \$24,230. It is proposed that the cost of maintenance be assessed equally against each dwelling unit for a total of 384 units. The assessment cost for each dwelling unit is \$63.10 per annum.

Landscaping and irrigation system shall be maintained and guaranteed by the subdivider for a period of one year after acceptance by the City Landscape Architect.

The cost of the maintenance of the open space district will be paid as a part of the property tax and will be delivered to the City. These monies will be deposited in a special fund for payment of maintenance costs incurred by the district.

Engineering staff has established procedures to review the cost of maintaining open space districts. The procedures provide for a review of maintenance costs annually so that staff can initiate Council action to decrease or increase the assessments to cover actual maintenance costs. The attached Exhibit A lists the estimated costs for maintaining Open Space District No. 9 for the first year. Based upon these costs, each of the 384 lots within El Rancho del Rey, Unit No. 5 Subdivision will pay an assessment of 63.10 per year.
